

## **National Online Survey on Music in our Schools**

The Coalition for Music Education in Canada is urging all administrators to invest 15 minutes towards a web survey on the status of music education across the country. Please take the opportunity to voice your concerns and interests. The survey will be released in the Fall of 2010 and will inform the public, policy makers and media about the state of music in our schools. We hope that every school can have their say. Reading, writing, rhythm...together they can make school an enriching and harmonious experience for all children. The survey will remain open until May 31, 2010.

**You could win an iPod docking station with speakers valued at \$399.99 or a \$330 gift card from Staples just for participating! One survey per school.**
